Overview of the HV CoIIN & New Opportunities

Breakouts

- Scaling Solutions in Well-Child Visits
- Igniting Change in Postpartum Well-Being

Q&A

What is HV CoIN?

HV CoIN offers an innovative opportunity to:

- **Build CQI capacity** by applying new skills to priority home visiting topics.
- Ground your improvement efforts in **family leadership and health equity** to ensure every family reaches their highest potential.
- **Learn from your peers** as you work together to achieve critical outcomes.

“

[HV CoIN]’s helping our team work better!

“

Despite (or because of the fact) that it’s hard, the result has always been very positive. We have set stretch goals and met them, which was a real reward for us. We are using this CQI process to really help families and it’s working – that keeps us coming back.

“

The CoIN experience has brought our team closer together. It created a common goal that we were able to problem solve and work through together.

“

CoIN is great professional development and a launching pad to be able to do this on our own.

Launching the next cohort of the Change Champions Series!

Four new opportunities to accelerate your CQI work in 2024-2025:

- Mix of time-limited and longer-term options
- Variety of topics and methods
- Appealing to teams that want proven solutions or want to innovate
- Open to all levels of CQI experience

Be Part of a Movement to Achieve Breakthrough Change

SHARED SMARTIE AIM:

- *By March 2027, improve the social, emotional, physical, and economic support families need to successfully transition through the postpartum period so that 80% of women/birthing persons of an identified priority population enrolled in home visiting report improvement in postpartum well-being and functioning.*

The Postpartum Well-being CoIN offers:

An opportunity to **address the maternal health crisis in the US**

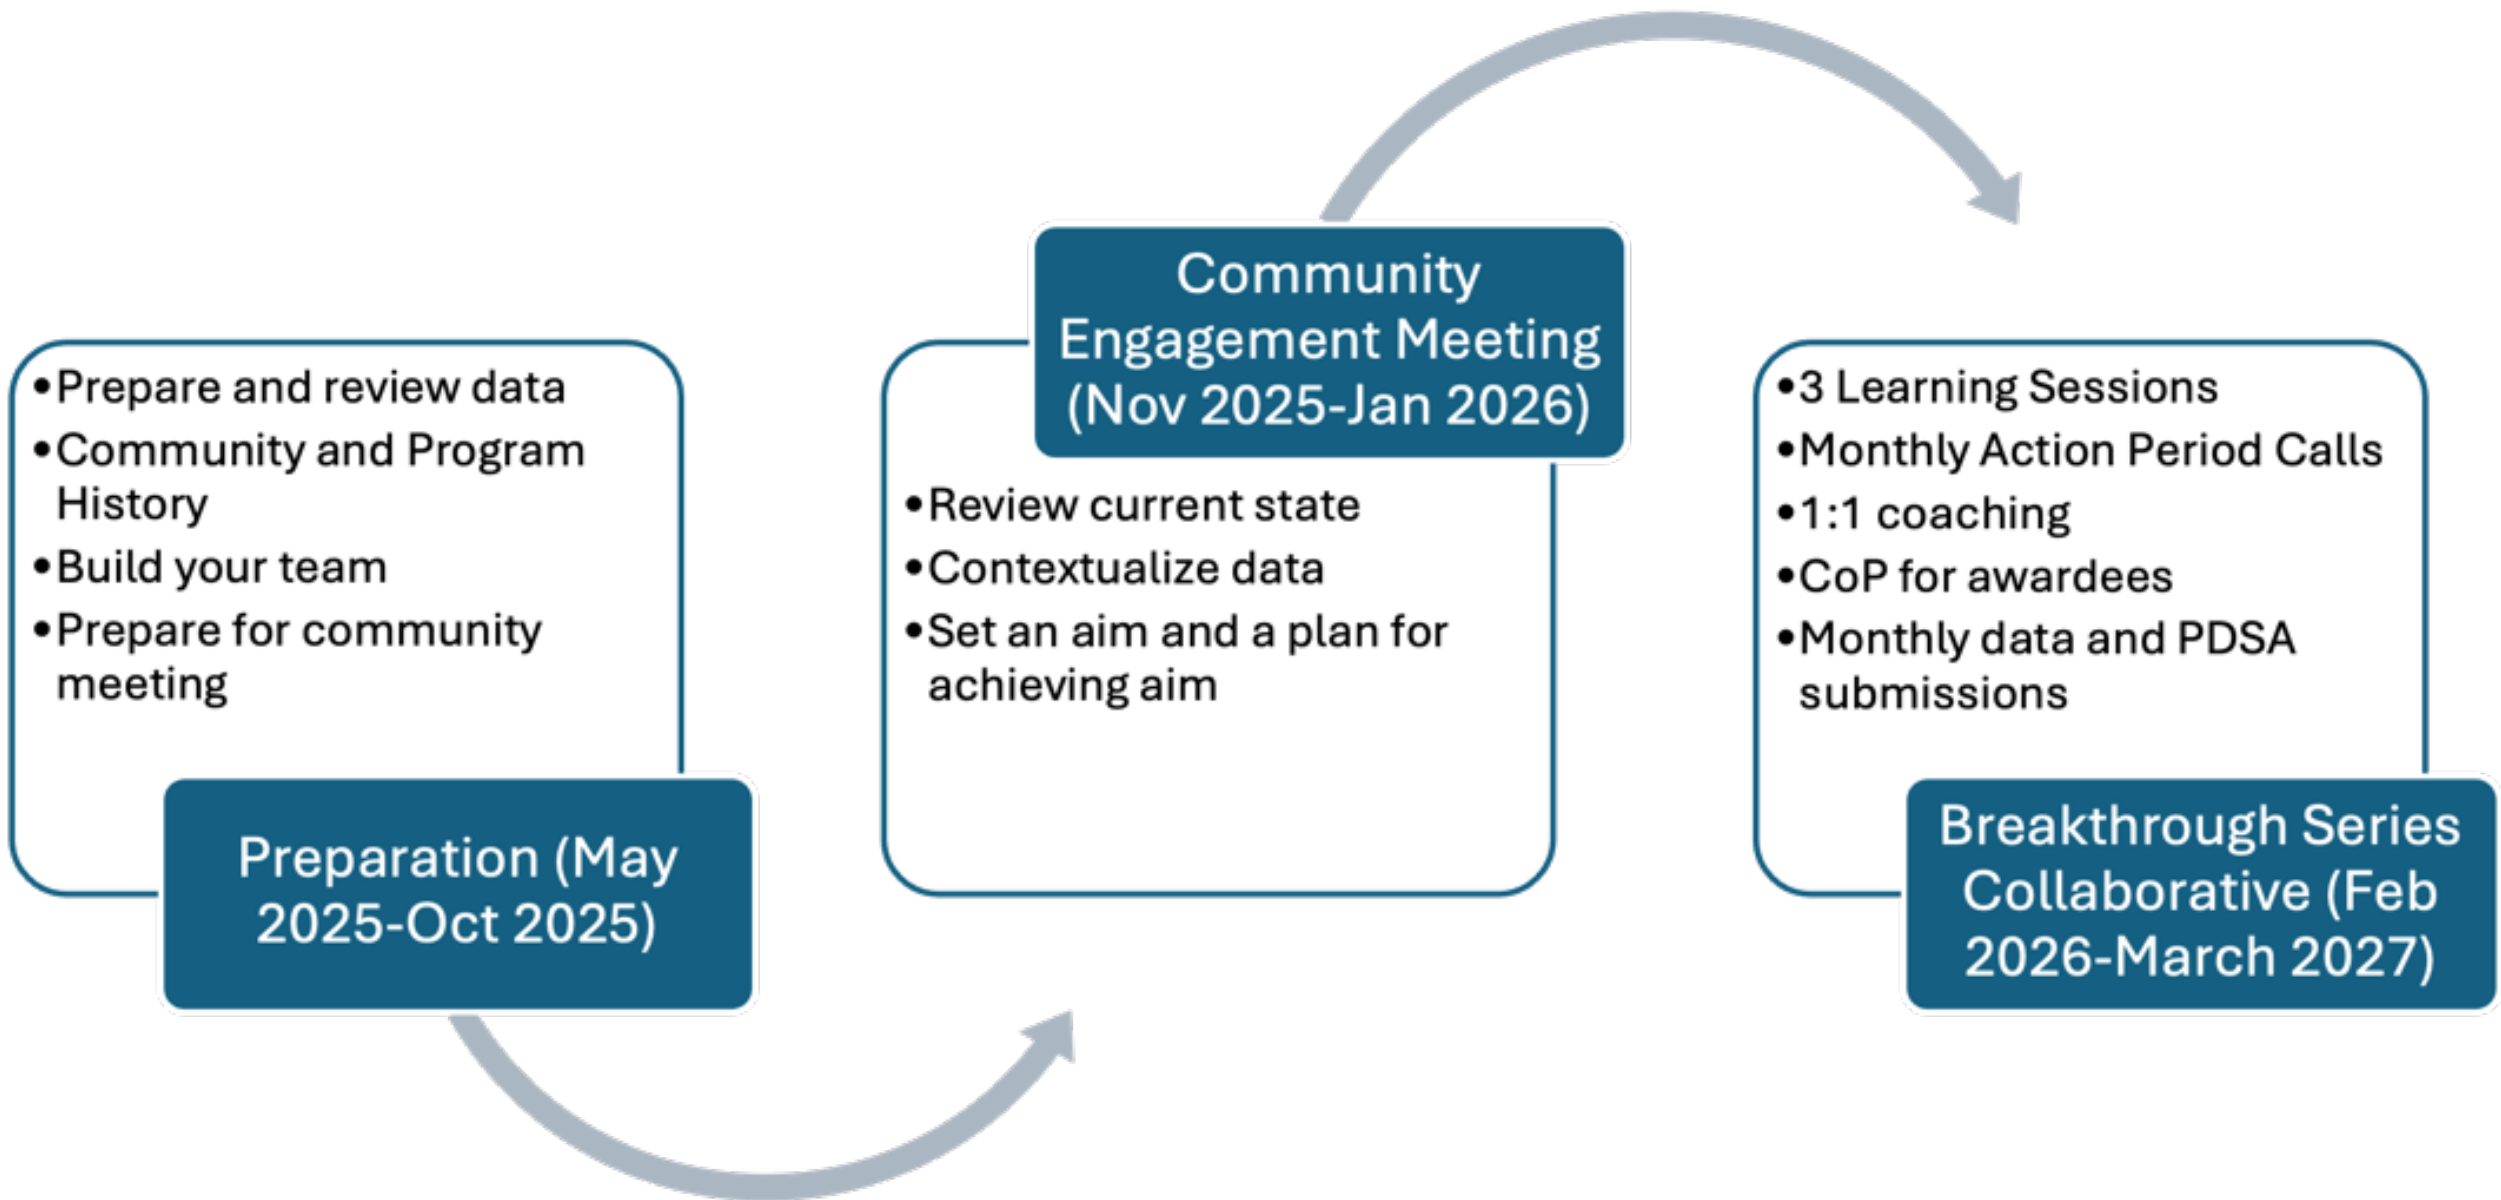

Space to **examine root causes** of maternal outcomes

An opportunity to **model innovation in strategy development** for change using community-centered, data-driven solutions

A **collaborative of peers** for shared learning and growth
