HV CoIN Change Champion Series Well Child Visit Application

Scaling Solutions in Well-Child Visits offers an exclusive 12-month opportunity for MIECHV awardees and their LIAs to participate in a groundbreaking adapted breakthrough series collaborative. Our goal is to enhance well-child visit participation and address data-driven gaps. Join us in implementing proven solutions endorsed by successful home visiting programs, and engage in testing and implementing streamlined changes over an extended period.

Please note: this is a competitive opportunity, and a limited number of teams will be selected. The application is the first step of consideration. Teams will also participate in a brief interview. You can sign up for this interview [here](#).

Interested and applying team, please note that date for LS2

has been adjusted to accommodate the MIECHV All Grantee Meeting. The application has now been updated to reflect new dates.

Section 1: Awardee Information

WCV section 2 excitement and will

HV CoIIN Change Champion Series Well Child Visit Application

Section 2: Excitement, and Will

What does your current data reveal about your performance related to well-child visits? Are there specific gaps or limitations in the data that impact your ability to fully understand or address this topic?

Have you disaggregated your data by factors such as race, ethnicity, socioeconomic status, or geography to identify disparities in well-child visits? If yes, what insights have you gained? If no, what barriers prevent this analysis?

Have you identified disparities in access to or utilization of well-child visits among the families and communities you serve? If so, what data supports your understanding of these disparities? If no data is available, how are you currently assessing community needs?”

Section 2: Excitement, and Will

What do you hope to learn and achieve as part of this effort?

Are you aware of any other state or local level initiatives working to improve well child visits (e.g., AAP chapter, CHIP enrollment etc.)

- Yes
- No

Please list the other initiatives you're aware of:

WCV organizational support

HV CoIIN Change Champion Series Well Child Visit Application

Section 3: Organizational Support and Leadership

EDC and partners provide extensive support through facilitation of virtual meetings and on-demand coaching to teach CQI methods, the topic theory, and measures to participating LIAs. We want to work closely with awardees to provide LIAs with

monthly feedback on data and PDSA quality and use. To do so, each awardee must identify a CQI lead that can work together with a seasoned Improvement Advisor from the HV CoIIN 3.0 project.

Do you have a CQI lead(s) in place who already supports LIAs in their CQI efforts?

- Yes, we have a CQI lead(s)
- Not fully staffed for CQI but we have a position(s) pending (almost filled)
- Other (please tell us more):

Attendance to Collaborative events is critical to support the efforts and success of your local implementing agencies. Can the awardee CQI lead or the designee attend the following events?

- **Awardee Prep Period Calls:** Monthly from 2–2:30 pm ET, March to May 2025
- **Orientation:** Thursday, April 17, 2025
- **In-Person Learning Session 1:**
 - Day 1: Tuesday, June 10, 2025
 - Day 2: Wednesday, June 11, 2025
 - Day 3: Thursday, June 12, 2025
- **Virtual Learning Session 2:** (total of 9 hours)

- Day 1: Monday, November 3, 2025 from 1:00–4:00PM ET
- Day 2: Tuesday, November 4, 2025 from 1:00–4:00PM ET
- Day 3: Wednesday, November 5,, 2025 from 1:00–4:00PM ET
- **Action Period calls:** Third Thursday of each month from 2:30 – 4pm ET (July 2025 – March 2026)
 - Exceptions: November 2025 & December 2025 (due to holidays)
- **Awardee Community of Practice (CoP):** First Thursday of each month from 2–3:30pm ET (March 2025 – April 2026)
 - Exceptions: July 2025 & January 2026 (due to holidays)
- **Celebration Call:** Thursday, April 16, 2026, from 2 – 3:30pm ET

- Yes
- No
- Unsure right now

WCV LIA information

HV CoIN Change Champion Series Well Child Visit Application

Section 4: Local Implementing Agency (LIA) **Information**

As you identify LIAs to join this effort, keep the long-term goal in mind: to scale with all LIAs. Consider engaging a diverse cadre of LIAs that reflect the diversity of your home visiting system (e.g., model, geography, size, ages of children served) and/or work closely with diverse populations. Striving for diversity now will help you avoid surprises as you continue to scale in subsequent years.

Please note, a team's level of CQI experience and knowledge does not preclude participation.

Below we offer suggestions on how many LIAs to include in your scale efforts. We recognize that capacity varies across awardees. We encourage you to participate with the number of LIAs that makes sense for your team.

- Awardees with three or fewer LIAs should have all LIAs participate
- Awardees with five or fewer LIAs should start with a minimum of three LIAs

- Awardees with 6–19 LIAs should start with a minimum of half their LIAs
- Awardees with 20 or more LIAs should start with a minimum of 10 LIAs

How many LIAs will commit to participate in the Well Child Visit Change Champion Series?

All participating LIAs should complete [this brief survey](#).
